### **Subject: FIRE EXTINGUISHERS**

They remain your best bet if you're on the spot when a fire begins.

- Fire extinguishers should be mounted in the kitchen, garage, and workshop.
- Purchase an ABC type extinguisher for extinguishing all types of fires.
- Learn how to use your fire extinguisher before there is an emergency.
- Remember, use an extinguisher on small fire only. If there is a large fire, get out immediately and call 911 from another location.
