*We thank our citizens and visitors for their cooperation and understanding of the road construction occurring in our city. We ask that you continue to be patient while this construction is going on. Road widening at Sangani Blvd is in progress. I know the construction is very frustrating for our motorists please drive defensively, patiently, most of all please be courteous. Our roadways will be safer and navigation will be easier once construction is complete. This construction project is still on path. We hope to have more information on bridge construction soon and we will keep you informed with updated information. We continue to work towards a safer D'Iberville for citizens and visitors.*

*The new fly overpass is open to traffic! All traffic is running smoothly. Please use extra caution in this area as we all are getting use to the difference in the roadway and traffic flow. We sincerely appreciate your co-operation and patience during this project.*

### **Impaired Driving Creates Serious Consequences**

- The consequences are serious and real. Drunk driving violators often face jail time, the loss of their driver's license, higher insurance rates, and dozens of other unanticipated expenses ranging from attorney fees, court costs, car towing and repairs, and lost wages due to time off from work.
- Refusing to take a sobriety test in many jurisdictions may result in the loss of your license on the spot and the impoundment of your vehicle. Not to mention the added embarrassment, humiliation, and consequences after informing family, friends and employers.
- Driving while impaired is not worth the risk.

On average, one in three people will be involved in a drunk driving crash in their lifetime.

### Drunk Driving Prevention

Following these easy steps, a driver can enjoy a safe and festive holiday without jeopardizing their life and the lives of the others who may be on the road.

- Plan a safe way home before the festivities begin.
- Before drinking, please designate a sober driver and give that person your keys.
- If you're impaired, use a taxi, call a sober friend or family member, or use public transportation so you are sure to get home safely.
- If you happen to see a drunk driver on the road, don't hesitate to contact your local law enforcement.
- And remember, if you know someone who is about to drive while impaired, take their keys and help them make other arrangements to get to where they are going safely.
