We thank our citizens and visitors for their cooperation and understanding of the road construction occurring in our city. We ask that you continue to be patient while this construction is going on. Road widening at Sangani Blvd is in progress. I know the construction is very frustrating for our motorists please drive defensively, patiently, most of all please be courteous. Our roadways will be safer and navigation will be easier once construction is complete. This construction project is still on path. We hope to have more information on bridge construction soon and we will keep you informed with updated information. We continue to work towards a safer D'Iberville for citizens and visitors.

Summer is here! Along with everything beautifully blooming also comes storm season brewing. Please be prepared for rough weather and hurricane season. Have a plan. Know where you and your family will evacuate, stock up on water and non perishable items, and always be sure that you have plenty of fuel in your vehicle in case of an emergency evacuation. I encourage you to be prepared and to stay safe.

We will be hosting a Merchant Meeting on June 27, 2013. We encourage owners, operators, and security directors of businesses in the Promenade and in the vicinity of Sangani Blvd and Mallett Rd to attend this meeting. We will be discussing current and upcoming road construction in this area.

The D'Iberville Police Department kicked off the annual Click It or Ticket campaign on May 20th. This safety campaign runs through June 2nd. During this time, expect to see extra officers out enforcing safety restraint laws. We wish our citizens and visitors a happy and safe Memorial Day weekend. Remember, buckle up! It's the law!

Impaired Driving Creates Serious Consequences

- The consequences are serious and real. Drunk driving violators often face jail time, the loss of their driver's license, higher insurance rates, and dozens of other unanticipated expenses ranging from attorney fees, court costs, car towing and repairs, and lost wages due to time off from work.
- Refusing to take a sobriety test in many jurisdictions may result in the loss of your license on the spot and the impoundment of your vehicle. Not to mention the added embarrassment, humiliation, and consequences after informing family, friends and employers.
- Driving while impaired is not worth the risk.

On average, one in three people will be involved in a drunk driving crash in their lifetime.

Drunk Driving Prevention

Following these easy steps, a driver can enjoy a safe and festive holiday without jeopardizing their life and the lives of the others who may be on the road.

- Plan a safe way home before the festivities begin.
- Before drinking, please designate a sober driver and give that person your keys.
- If you're impaired, use a taxi, call a sober friend or family member, or use public transportation so you are sure to get home safely.
- If you happen to see a drunk driver on the road, don't hesitate to contact your local law enforcement.
- And remember, if you know someone who is about to drive while impaired, take their keys and help them make other arrangements to get to where they are going safely.
